Siddhi Nagvekar

CYBERSECURITY, IT SECURITY, NETWORKING, SOC ANALYST INTERN

Mumbai 9699791265 siddhinagvekar04@gmail.com Portfolio GitHub: github.com/SiddhiNagvekar04

Professional Summary

Computer Engineering student with a strong interest in cybersecurity and SOC operations. Hands-on experience in log analysis, authentication monitoring, basic Python-based tools, and security fundamentals. Familiar with networking concepts, Linux commands, and web security basics. Seeking an entry-level Cybersecurity or SOC Analyst Internship to apply foundational skills and gain real-world security operations experience.

Education

Rizvi College of Engineering, Mumbai University — 2023-Present
Bachelor of Engineering in Computer Engineering
9.87 GPA

J. B. Ludhani High School — 2021
SSC
97%

Projects

Basic Cybersecurity Log Analysis — 2025
Tools: Online Log Viewer, SIEM Sample Logs

Analyzed **30+ authentication logs**, detecting **5+ anomalies** (brute-force, foreign logins, multi-user attacks). Documented risks and delivered **SOC-style recommendations** including IP blocking and MFA enforcement.

Phishing Detection Web Application — 2025
Python, Flask, HTML, CSS, Rule-Based Email & URL Analysis, GitHub

Developed a Flask-based web application to analyze **10+ sample phishing emails and URLs**, implementing **8+ phishing indicators** (keywords and URL patterns) to classify inputs into **Safe, Suspicious, and Phishing** categories using a rule-based risk scoring approach. Documented the project and test results on GitHub to demonstrate practical cybersecurity awareness and ethical threat analysis.

Huffman-Based Text Compression Tool — 2023
Tools: Postman, Huffman API

Assisted in building an **API-based Huffman compression tool** by **testing file-upload endpoints in Postman**, **validating compression–encryption outputs**, and **ensuring accurate decompression across multiple text files**, achieving up to **2–3× size reduction**..

Skills

Technical Skills
Log Analysis(Basic) , SIM Concepts , OWASP Top 10 (Awareness) , TCP/IP, OSI,DNS, NMap ,Wireshark, Burp Suite (Beginner), Python ,SQL (Basics), Linux Command Line

Workspace Skills
Communication, Adaptability, Problem Solving, Multitasking,Professional Behaviour, Attention to detail, Leadership, Strong Analytical Skills

Certifications

Ethical Hacking — 2025
NPTEL (Elite + Silver)

Data Science For Python — 2025
NPTEL - Elite

Ethical Hacking Workshop — 2025
IIT Techfest + Craw Cybersecurity

Career Edge-Young Professional — 2024
TCS Ion

Programming in Java — 2024
NPTEL

Active Listening Skills for Students — 2024
Infosys Springboard

Achievements

MGFF Scholarship Recipient
Awarded MGFF Scholarship for outstanding academic performance and demonstrated commitment to personal and professional growth

Extracurricular Activities
Actively involved in cultural activities and sports and also securing 1st position in them which demonstrates teamwork, discipline and coordination

Academic Achievements
Stood Among the top performers in every academic year
